COACHING®

BenchStrength Coaching is a premier provider of coaching and leadership development programs. Founded in 2018, BenchStrength Coaching equips leaders with the tools, confidence, and mindset to lead effectively, so organizations thrive with strong, reliable leaders at every level.

EXPERTISE

We build strong leadership pipelines through coaching and practical, real-world development programs. As a scalable extension of your L&D team, we provide bolt-on solutions ranging from C-Suite coaching to company-specific cohorts. We combine high-impact workshops, assessments, and personalized 1:1 coaching to embed learning and drive behavioral change. This ensures leaders apply skills with confidence, ultimately boosting team performance, retention, and organizational success.

CORE COMPETENCIES

- One-on-one and group coaching for early career, mid-level leaders, and executives.
- Leadership development programs, including Leaders on the Rise®, Managing Conflict, and Women Rising®.
- Virtual delivery to eliminate travel costs while providing networking opportunities both domestically and globally.
- Internal company cohorts and open enrollment options to support small or large businesses in their goals for a healthy, sustainable, and diverse talent pipeline.

DIFFERENTIATORS

- Global team of world-class, ICF-certified coaches with diverse professional backgrounds.
- Multilingual, culturally-tailored coaching (English, Spanish, French, German, Cantonese, Mandarin, Italian, Japanese, Dutch, Hindi).
- Unique, proprietary coach matching process with a 99% success rate.
- Development programs that use a blended-learning approach to facilitate transformation.
- Our coaches cater to the underlying needs of each participant, leveraging their real-world experiences to provide actionable insights and growth.
